Databases

You can always access one of the databases available to you via the library’s homepage at http://library.cw.edu or by clicking on the library icon on any on-campus computer desktop. The databases can also be accessed from the CW Portal at http://portal.cw.edu and then clicking on the CW Library link.

Try the following databases to find articles relating to medical office management:

**EBSCO/Health Source: Nursing/Academic Edition**
This database provides more than 550 scholarly full text journals focusing on many medical disciplines. Also features abstracts and indexing for nearly 850 journals. This database is updated on a daily basis.

**EBSCO/Clinical Pharmacology**
Clinical Pharmacology provides access up-to-date, concise and clinically-relevant drug monographs for all U.S. prescription drugs, hard-to-find herbal and nutritional supplements, over-the-counter products and new and investigational drugs.

**EBSCO/MEDLINE**
*MEDLINE* provides authoritative medical information on medicine, nursing, dentistry, veterinary medicine, the health care system, pre-clinical sciences, and much more. Created by the National Library of Medicine, *MEDLINE* allows users to search abstracts from over 4,600 current biomedical journals.

**EBSCO/Health Source - Consumer Edition**
This database is the richest collection of consumer health information available to libraries worldwide, providing information on many health topics including the medical sciences, food sciences and nutrition, childcare, sports medicine and general health.

**ProQuest (American Medical Association)**
Includes full-text and citations of general and specialty medical publications. This database provides information on a variety of subjects relating to the medical field.
